

Product Information

CT #430

Flame Retardant Polyester Film Tape

430 is a 1 mil, flame retardant, polyester film tape with a clear acrylic adhesive that is available in yellow and white.

Meets Spec: UL Recognized.

Application:

- All purpose coil and transformer insulation and production

TECHNICAL DATA

Adhesive	Clear Acrylic
-----------------	---------------

Substrate	Flame Retardant Polyester Film
------------------	--------------------------------

Thickness	2.3 Mils (0.058 mm)
------------------	------------------------

Adhesion to Steel	35 oz/in (9.6 N/25mm)
--------------------------	--------------------------

Elongation (% at Break)	100
-----------------------------------	-----

Tensile Strength	25 lbs/in
-------------------------	-----------

Temperature Class	130°C
--------------------------	-------

Dielectric Strength	5000 Volts
----------------------------	------------

Insulation Resistance	1×10^6 M Ω
------------------------------	----------------------------

The data provided are nominal values based on PSTC, ASTM, and other standard tests. The data should not be considered specifications.
