

## Product Information

### CT #708

### Premium Grade Polyester Film Tape

708 is a premium grade polyester film with a rubber adhesive. This tape has superior adhesion properties and tensile strength. The easy unwind offers reliable seals.

#### Application:

- High performance grade for carton sealing and purpose applications
- Package repair and bundling applications
- Packages exposed to more challenging shipping hazards

#### TECHNICAL DATA

|                  |                |
|------------------|----------------|
| <b>Adhesive</b>  | Rubber         |
| <b>Substrate</b> | Polyester Film |

|                  |                      |
|------------------|----------------------|
| <b>Thickness</b> | 3 Mils<br>(0.076 mm) |
|------------------|----------------------|

|                          |                          |
|--------------------------|--------------------------|
| <b>Adhesion to Steel</b> | 65 oz/in<br>(71 N/100mm) |
|--------------------------|--------------------------|

|                         |                            |
|-------------------------|----------------------------|
| <b>Tensile Strength</b> | 55 lbs/in<br>(963 N/100mm) |
|-------------------------|----------------------------|

|                                   |     |
|-----------------------------------|-----|
| <b>Elongation</b><br>(% at Break) | 100 |
|-----------------------------------|-----|

|                              |                                   |
|------------------------------|-----------------------------------|
| <b>Operating Temperature</b> | -10°F to 140°F<br>(-23°C to 60°C) |
|------------------------------|-----------------------------------|

|                                |                                |
|--------------------------------|--------------------------------|
| <b>Application Temperature</b> | 45°F to 120°F<br>(7°C to 49°C) |
|--------------------------------|--------------------------------|
