

Product Information

CT #845

Premium Grade Single-Coated Urethane Foam Tape

845 is a premium grade, 1/16" thick, high density, sing-coated, off-white color cellular urethane foam with an aggressive acrylic adhesive and a 60 pound density Kraft glassine release liner. It is also available in 1/32" thick (#844) and 1/8" thick (#846).

Meets Spec: UL 746C

Application:

- Economical tape used as weather stripping, gasketing, and applications requiring positive seals on irregular surfaces
- Flexible and conformable to seal tight radius curves when critical
- Seals out air, moisture, light, and dust when compressed at least 30%
- Resists most chemicals, acids, and solvents

TECHNICAL DATA

Adhesive	Acrylic
Substrate	Single-Coated Cellular Urethane Foam
Thickness	60 Mils (1.524 mm)
Adhesion to Steel	80 oz/in
Tensile Strength	200 lbs/in
Elongation (% at Break)	340

The data provided are nominal values based on PSTC, ASTM, and other standard tests. The data should not be considered specifications.
